Lyrics

Getaway - TAYA

Are you burnt out on religious things?
Are you worn down, lacking inner peace?
Take a real rest, walk along with Me
In the pastures of My presence, you can be
yourself

And you can say what's on your heart
I already knew it all
Doesn't matter what you say
Come and getaway with Me
I know where you are
Where you've been, what you've seen
Doesn't matter how you come
Come and getaway with Me
Getaway, getaway with Me

Are you burdened from all the heavy days?
It's not your job to shoulder all the weight
Let Me do it, let Me come and take
The lies you've been believing in
The truth is that you have a place

To say what's on your heart
I already know it all
Doesn't matter what you say
Come and getaway with Me

I know where you are
Where you've been and what you've seen
Doesn't matter how you come
Come and getaway with Me
Oh, getaway, getaway with Me
Getaway, getaway with Me

Grace upon grace, upon grace, let it lead
Getaway, getaway with Me
Grace upon grace, upon grace, let it lead
Getaway, getaway with Me
Grace upon grace, upon grace, let it lead
Getaway, getaway with Me
(Oh, there's more than you always need)
Oh, grace upon grace, upon grace, let Me
lead
Getaway, getaway with Me

Say what's on your heart
I already know it all
Doesn't matter what you say
Come and say it all to Me
I know where you are
Where you've been, and what you've seen
Doesn't matter how you come
Come and getaway with Me

***I'm With You/Be Still* - Israel Houghton ft. Adrienne Houghton**

You are not alone, I'm with you
Everywhere you go, I'm there
You don't have to be afraid
I have always been the same

You are not alone, I'm with you
Every whisper I can hear
As close as breathing out my name
I'm aware of everything
You are not alone, I'm with you

So be still, be still
I am your peace, be still

You are not alone, He's with you
Everywhere you go, He's there
You don't have to be afraid
He has always been the same

You are not alone, He's with you
Every whisper He can hear
As close as breathing out his name
He's aware of everything
You are not alone He's with you

Be still, be still
He is your peace, be still
Be still, be still
He is your peace, be still

Oh, You are my peace
You are my peace oh

Oh, help me to be,
help me to be still and know

You are my peace
You are my peace, oh

And oh, help me to be,
help me to be still
Oh-oh-oh

Be still
You are my peace
I will be still

You are not alone I'm with you

***Collide* - Landry Cantrell**

Some say that the world is incurable,
destined for defeat
Just part of this tragic parable of humanity
As the waters rise from the sea
Can we come awake from our sleep?
We know nothin' short of a miracle is just
what we need

The darkness was immovable
And hope lost in a reverie, oh-ohh
Death brought something beautiful
Tore what separated us

Heaven opened so the light of the world
And the darkness can collide
Heaven's broken all the weight of the world
Because He is alive
Whoa-oh-oh, oh-oh-oh, oh-oh-oh-ohh
Whoa-oh-oh, oh-oh-oh, oh-oh-oh-ohh

We're the coming casualties of our selfish
schemes
Living to celebrate funerals of each other's
dreams
But I'll hold up the light at the end of the
tunnel, oh-ohh
There's a fire in my heart, it's brighter in the
dark

It won't be overcome

Darkness was immovable
And hope lost in a reverie, oh-ohh
Death brought something beautiful
Tore what separated us

Heaven opened so the light of the world
And the darkness can collide
Heaven's broken all the weight of the world
Because He is alive
Whoa-oh-oh, oh-oh-oh, oh-oh-oh-ohh
Whoa-oh-oh, oh-oh-oh, oh-oh-oh-ohh

With a flicker then a flame
You won't let the darkness claim us
Burning through the night
Like a wildfire
A glimmer and a spark
You tore the skies between us
Lit up our hearts as bright
As heaven

The darkness was immovable
And hope lost in a reverie, oh-ohh
Death brought something beautiful
Tore what separated us

Turn To Jesus - Katy Nichole

In the morning when I rise
I lift my head and turn my eyes
To the window where the light is shining
through

When my feet hit the ground
I know a place where love is found
So I go where I know I'll find the truth

I turn to Jesus
I turn to the One who knows my name
I know He walks with me and He talks with
me
And He tells me I am safe

And honestly, I could give a million different
reasons
For why
I turn
I turn to Jesus

When the night starts to fall
And I'm worried I won't see the dawn
And my heart is afraid of what's ahead

There's a voice through the chaos
That comforts me and gives me rest
When I'm weary and I'm longing for a friend

I turn to Jesus
I turn to the One who knows my name
I know He walks with me and He talks with
me
And He tells me I am safe

And honestly, I could give a million different
reasons

For why
I turn
I turn to Jesus
Ooo ooo ooo

Turn your eyes upon Jesus
Look full in His wonderful face
And the things of earth will grow strangely
dim
In the light of His glory and grace

Ooo oh oh
I turn to Jesus
I turn to the One who knows my name
I know He walks with me and He talks with
me
And He tells me I am safe
And honestly, I could give a million different
reasons
For why
I turn
I turn to Jesus
Ooo ooo ooo

At The Cross - Trip Lee, Madison Ryann Ward

At the cross, at the cross
Where I first saw the light
And the burden of my heart rolled away
It was there, by faith, I received my sight
And now, I'm happy all the day

Please don't mind my pivot, turned and let Him steer it
Got His will all in my lyrics, bro, it's on, said it's on
I've been privileged to visit places, no need for specifics
I'm done, I wouldn't miss it, take me home, take me home

Let me sit there at the feet of the One who did defeat
Infantries of enemies, fell like dominoes, dominoes
Flood Him 'til He's beat, but He made rivers retreat
He's got back up on His feet a long time ago, time ago

I know there's so many places people really wanna be
I know there's some dope locations people really wanna see
But the only place I ever really need in front of me
Is that ugly wood that's beautiful if you look underneath

Big steppers, big set reppers
Still gotta bow to the One who pulled levers
All the mess we've made is giant, but it can't measure
Up to where my sin got severed

At the cross
Where I left my flaw and my goal
Lose my whole and I gave up all control, left it at the cross
If you lookin' for my shame and my gain
And my stains, you'll find none of it remains, left it at the cross

Left 'em at the cross, left 'em at the cross (oh, oh)
Left 'em at the cross, at the cross (oh)
If you lookin' for my shame and my gain
And my stains, you'll find none of it remains, at the cross

When people wanna win, they think 'bout ballin' with their friends
Hit the dealership, get whips, go back and do it all again
Hit the jewelry store and cop somethin' that costs a hundred ten
Hit the club and throw some ones at chicks that dance for other men

That is not my motto, brother, what good is hittin' lottos
Swervin' west and pressin' throttles just to find out that it's hollow
Pullin' thotties who got bodies if they probably gone tomorrow
Your spirit get neglected, your corruption gettin' coddled

Follow me down this road, I got to see
Sacrifice that got me free, pay for my hypocrisy
All that's sick inside of me, He ain't charge a dollar fee, huh?
In reality, what win is better than this immortality?

Got wins on the way with my friends on the way
I got treasure stacked in heaven when my ends gone away
I'm delighted how His mercy can descend, gone astray
Feelin' dirty? Got a stench? Get it rinsed all the way

At the cross
Where I left my flaw and my goal
Lose my whole and I gave up all control, left it at the cross
If you lookin' for my shame and my gain
And my stains, you'll find none of it remains, left it at the cross

Left 'em at the cross, left 'em at the cross (ayy, yeah)
Left 'em at the cross, at the cross (yeah)
If you lookin' for my shame and my gain
And my stains, you'll find none of it remains, at the cross

Outsiders - Lecrae

I won't stay here another night
If I gotta sacrifice
Who I am on the inside
I'd rather be an outsider
And you can stay if you like
I'll see you on the other side
I wanna live the free life
I'd rather be an outsider

I really can't tell if I'm overdressed or I'm
underdressed
If I'm underpaid or just overstressed
If I'm cynical or just over this

Cause I'm tired of tryna get over there
Man it's over there
Party's over
You probably couldn't tell we over here
Cause you hardly sober

Double shots of that ego
They laughin' at us, yeah we know
May be at the bottom but we not forgotten
The director's plotting that sequel

'Til then we live on the outside
And it might storm and we might die
But I'd rather go with my fist high
Standing outside of your inside

I tried my best to fit in
Looking for a suit to fit in
Standing outside of your prison
Tryna find ways I can get in
Now I realize that I'm free

And I realize that I'm me
And I found out that I'm not alone
'Cuz there's plenty people like me
That's right plenty people like me
All love me despite me
And all unashamed and all unafraid
To speak out for what we might see

I said there's plenty people like me
All outsiders like me
And all unashamed and all unafraid
To live out what they supposed to be
Outsiders

I won't stay here another night
If I gotta sacrifice
Who I am on the inside
I'd rather be an outsider
And you can stay if you like
I'll see you on the other side
I wanna live the free life
I'd rather be an outsider

I know what they askin' fo'
I know what they askin' fo'
But how you gone cover charge me my life
and soul
And then turn around and ask for mo'

Time to go plus the line is long
I'mma color the outside where lines are
drawn
If you wanna exclude me for being the true
me
It's Gucci

I already found my home

Homesick

Homeless if I'm honest

'Cuz my home is somewhere I ain't never
been before

I'mma hone this here gift

Even if it doesn't fit in the box

That'll please these folks

Some of y'all gone need these quotes

I ain't tryna eat I'm tryna feed these folks

Martin, Mandella yeah we need these folks

We believe these folks

We could be these folks

But they want me to take an L

Tired of taking losses so they can call me a
failure

I failed at being you

But I'm winning at being me

I'm winning at being free

Ain't no competition but me

See I realize that I'm free

And I realize that I'm me

And I found out that I'm not alone

And there's plenty people like me

I said there's plenty people like me

All outsiders like me

All unashamed and all unafraid

To live out what they supposed to be

Outsiders

It's been too dark

So many lies

Turn on the lights

Open your eyes

Oh oh oh oh

We'll be runnin' through the night

It's brighter on the other side

Oh oh oh oh

Something's bigger than you and I

Brighter on the other side
